

Embossing tools for stamping fun plates

In addition to embossing tools for embossing license plates, A. Sievers GmbH offers a variety of embossing tools with fun symbols, which are listed in the following table.

Our embossing tools are milled from high-quality materials and carefully processed directly at our factory. Thus, we can guarantee an absolutely clean stamping experience. Our embossing tools can be used with all common license plates and fun plates. We are constantly updating our range of embossing tools with fun symbols. In addition to the following listed symbols, we can also fulfill your **special symbol requests**, as long as you provide us with a scannable template and the symbol is manufacturable as an embossing tool.

For copyright-protected symbols and letterings, the permission of the copyright holder must be obtained before use.

*** Notice:** The number of characters of the fun symbols are based on the 30% size-reduced EURO font and can vary with other types of font.

■ Space requirement

The number of embossable characters per plate depends on the type of font and the desired symbols. Please take the space requirement of the individual symbols from the table.

- Using the **30% size-reduced EURO font**, up to **16 characters** can be embossed on a 520 plate without a logo.
- Using the **FE middle font**, up to **9 characters**, and using the **FE narrow font**, up to **10 characters** can fit on a 520 plate without a logo.
- With the **two-line Fun font**, up to **17 characters** per line can be embossed on a 520 plate without a logo.

► Example space requirement

Font	Example
30% size-reduced EURO font	 4 characters (caravan) + 12 characters ("50ER ON TOUR") = 16 characters
FE middle font	 5 characters ("PROST") + 3 characters ("beer mug") = 8 characters
FE narrow font	 2 characters (big wheel) + 8 characters ("FUN-PARK") = 10 characters
two-line Fun font	 3 characters (cloverleaf) + 5 characters ("VILLA") = 8 characters 3 characters (cloverleaf) + 10 characters ("KUNTERBUNT") = 13 characters
